

CITIZEN GEORGE

CITIZEN GEORGE is a film presenting the life and work of Philadelphia-based Quaker activist George Lakey, a non-violent revolutionary who has worked his entire life for justice and peace, guided by his ideal of societal transformation.

This film highlights specific events of George's activist life including fighting for civil rights, anti-Vietnam War activism, LGBTQ rights, human rights in Sri Lanka and climate justice.

It is a portrait of a rebel with a mission and an uncanny skill for serving up whatever the situation needs — fire or water, heat or cold — by asking himself, ***“Where can I make a contribution? Where am I led?”***
